

CODE OF CONDUCT PLAYER

The purpose of the SEYO sports program is to provide a place where our children can compete and have fun.

This is a program for our children, not for the egos of adults.

SEYO rules and game environment must foster the “compete and have fun” philosophy for all its participants.

Before, during and after the games should always be a pleasant and fun experience for our children.

Coaches, players, parents and fans – set an example of good sportsmanship and citizenship as follows:

1. Speak words of encouragement – never yell, belittle, discourage or humiliate any child.
2. Remember, not every child has the ability to get good results, but with encouragement they will give a good effort and have fun.

Success is creating an environment where our children play until they are no longer eligible (versus quitting because they were not having fun, not winning, felt they were “no good”, etc.).

----- (tear-off part of form below for signatures & return to home organization) -----

We/I have read and discussed the above SEYO Code of Conduct with our child/children and agree to abide by this “Code of Conduct”
